Attention: Commissioner of Patents & Trademarks  
Re: Ribbon & Seal Copy

Dear Commissioner,

My name is Daniel Hazelton, and I have been recently, awarded patent Serial No., 7090595. I however, as of yet, have not received, a Ribbon & Seal Copy, for that patent award.

I did, however receive, six copies of the award, paid for, with the grant of the patent. The numbers, that are on, the envelope, the copies I received, arrived in, are: 7090595\*\*10/656915\*\*08/15/06\*\*066 and, the number 7590, was printed, below them and to the right, and was circled.

An item of such importance, I say, should have been sent, to me, with a return receipt. It is just crazy, especially when, as I have recently learned, you remedy these errors, by charging, the applicant, another \$400.00, to receive, that which, they had never received, in the first place, that is, rightfully, the property of the applicant.

Please Sir, give me my, Ribbon & Seal Copy!

Thank You.

Sincerely,

Daniel Hazelton
